

# Strathaven and Glassford Community Council

## Strathaven Traffic Consultation

Following meetings with South Lanarkshire Council the Community Council has been asked to consult with the community on proposals to change traffic priorities in the Common Green at Bridge Street and Wellbrae. We need the views of the community to enable us to take this discussion further and to hopefully resolve a major traffic issue within Strathaven Town Centre.

Please select one option from the three summarised below.

**Proposal One: Bridge Street changed to One Way out of the Common Green to Castle Street. Traffic changed to One Way on Wellbrae entering the Common Green from Kirk Street.**

YES

**Proposal Two: Bridge Street changed to One Way into the Common Green from Castle Street. Wellbrae changed to one way leaving the Common Green to Kirk Street.**

YES

**Proposal Three: Traffic priorities remain as present with two-way traffic on Wellbrae and Bridge Street.**

YES
